

The 1st EU-Korea Women in Science and Technology Forum

Future of Science & Technology, and Inclusion of Women

Tuesday, 29 November 2022 / 14:00-17:00
Korea Science and Technology Center

Organisers

Sponsors

“The forum will be live streamed via official YouTube channel of “The Korean Federation of Science and Technology Societies”

As in many other areas, women remain underrepresented in scientific and technical fields. The EU and the Republic of Korea, with its longstanding commitment to promote gender equality, has made efforts toward gender-balanced S&T across disciplines, but more work needs to be done to ensure that women researchers benefit from equal opportunities and treatment. The forum aims to exchange views on the current state of play both in the EU and South Korea, and to discuss ways to encourage more women to work in the field of science and technology.

Time	Programme	Speakers	Remarks
14:00-14:40	Opening Ceremony		
	Opening Remarks	H.E. Maria Castillo-Fernandez, EU Ambassador to the Republic of Korea	Moderated by Prof. Meeyoung Cha (Associate Professor, School of Computing, KAIST)
